- Patterning

Personalized Attention: Each class is limited in size for a hands-on learning environment.

Live Birds: Because this is a genuine working school for bird dogs, live birds are used extensively. Field work incorporates live birds, so you can be assured your dog is getting an experience that transforms to the real world of hunting.

In-depth Instruction: All aspects of training are covered in detail. This is a complete and comprehensive program dedicated to benefiting owners and their dogs not only now but for years down the road.

George Hickox teaches students the fundamentals of training field dogs with his proven program in an easy-to-understand school format.
